Supply List

- Wire
- Beads
- Leaves
- Glue – E6000 works best
- Pliers

Directions

Add beads to wire. Make a loop in the end with your pliers to secure the beads.

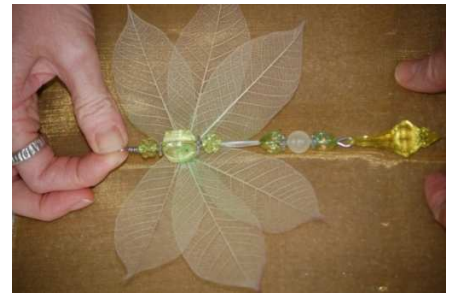

When all the beads are on the wire, wrap the wire to create a loop around the top to secure all the beads.

Glue six leaves together in the center. Three on each side.

These are the wings. Glue the beads onto the leaves.

Add wire or string and hang in a nice spot!
